Certain Moonshavian factions may not be pleased with your choice of friends.

##### **MOON13 The Fisherman is Gone**

The Fisherman is gone either because you stopped him or because he was forced to flee. Whatever the circumstance, you have stopped his current plans. Whether this is a good thing or not remains to be seen.

This story item concludes *The Fisherman* major quest if you have **MOON07 Enmity of the Fisherman** and **MOON09 War Hero of Moray**.

Check how you completed this quest.

- [ ] The Fisherman fled Westphal

##### **MOON14 Given to the Church of Cyric**

The church of Cyric had you in their clutches for an undetermined amount of time. You have no idea what they did to or with you, and that is most unnerving.

You are now afraid of Cyric and his minions. Though there is no permanent game effect, whenever confronted to them, you are filled with fear. Make sure your DM is aware of this award if you ever face servants of the Prince of Lies (Cyric).
